# Storytelling

The Hamilton Conte collection is driven by narrative and inspired by stories. We connect to good stories, as they bring us joy. It is the same with our interiors and the objects that surround us. They can represent happy memories, while creating new moments in life that make us smile and feed the soul. Infusing our pieces with positive energy is our goal throughout the entire creative process. We are honoured to share our vision with you and hope that you will write your own interior story with Hamilton Conte.

*La collection Hamilton Conte puise son inspiration dans les histoires. Des liens émotionnels se nouent autour de nos histoires, ce qui nous apporte du bonheur. Cela va de pair avec nos intérieurs et les éléments qui les composent. Ils représentent des souvenirs heureux et créent des moments de vie qui importent et nourrissent l'esprit. Imprégner nos pièces d'énergie positive est notre préoccupation constante tout au long du processus créatif. Partager cette vision avec vous nous réjouit et nous espérons que vous écrierez l'histoire de votre propre intérieur avec Hamilton Conte.*

# Every Interior, a Story!

At Hamilton Conte, we believe your interior should tell your story, and the pieces you include should resemble you. Our interior aesthetic brings together a few key notions that are Eclectic, Relaxed, Handmade, Cosmopolitan, and Inspired. These fundamentals define the spirit of the brand and can help inspire you to create the story of your own interior.

*Chaque intérieur, une histoire. Chez Hamilton Conte, nous pensons que votre intérieur doit refléter votre histoire, et les objets qui s'y trouvent doivent être à votre image. Notre conception esthétique réunit quelques éléments essentiels qui sont Éclectisme, Détente, Artisanat, Cosmopolite et Inspiration. Ces fondamentaux encadrent l'esprit de la marque et peuvent vous inspirer afin d'écrire l'histoire de votre intérieur.*

# The Making of Hamilton Conte

Created in 2009, Hamilton Conte Paris is a furniture and home accessories brand that draws inspiration from our diverse cultural backgrounds and complementary talents. Combining pragmatism and passionate creativity, we do our best to approach our craft with originality and warmth.

Our creative process takes inspiration from a variety of styles and cultures and is centred on artisanal production and attention to detail. We like to merge design movements from the 1950s to 1970s, from the Americas and Scandinavia, and then add a touch of Parisian flair. Our collection offers all elements of an interior space, and a variety of materials and finishing options can make each piece highly personal.

There is a story behind each piece in our collection, and through their ensemble we try to create a universe that is distinct to the brand.

*Créée en 2009, Hamilton Conte Paris est une marque de mobilier et d'accessoires qui s'inspire de nos origines culturelles diverses et de nos talents complémentaires. Combinant pragmatisme et créativité passionnée, nous faisons de notre mieux pour aborder ce métier avec originalité et chaleur.*

*Notre démarche artistique s'articule autour d'une variété de styles et de cultures ainsi que sur une production artisanale et pointue sur les détails. Nous aimons fusionner les mouvements design des années 1950 à 1970, des Amériques et de la Scandinavie, et y ajouter une touche de style parisien. Notre collection offre tous les éléments d'un intérieur, et une diversité de matériaux et d'options de finitions permettent de personnaliser chaque pièce.*

*Chaque pièce de notre collection raconte une histoire et, à travers leur ensemble, nous essayons de créer un univers propre à la marque.*

The Hamilton Conte collection is driven by narrative and inspired by stories. We connect to good stories, as they bring us joy. It is the same with our interiors and the objects that surround us. They can represent happy memories, while creating new moments in life that make us smile and feed the soul. Infusing our pieces with positive energy is our goal throughout the entire creative process. We hope that you will find the inspiration to write your own interior story with Hamilton Conte

*La collection Hamilton Conte puise son inspiration dans les histoires. Des liens émotionnels se nouent autour de nos histoires, ce qui nous apporte du bonheur. Cela va de pair avec nos intérieurs et les éléments qui les composent. Ils représentent des souvenirs heureux et créent des moments de vie qui importent et nourrissent l'esprit. Imprégner nos pièces d'énergie positive est notre préoccupation constante tout au long du processus créatif. Nous espérons que vous trouverez l'inspiration pour écrire l'histoire de votre propre intérieur avec Hamilton Conte.*
