2020

Dear Partners & Friends,

Indeed, 2020 has been a rather surprising year for us all... We started the year with a tremendous experience at Maison & Objet connecting with you all, which brought with it exciting feedback and new projects!

The connection and proximity we felt with everyone was amazing. So, we were all a bit thrown for a loop in March with confinements and the loss of traditional contact. Nonetheless, we were lucky to adapt quickly to new ways of working and remain present for everyone through this difficult period.

Despite greater physical distance, we have tried to stay close to our partners, working together on current and future projects via video, phone and e-mail. Our Paris showroom has been open 5 days a week since June, and we look forward to seeing as many of you as possible during Paris Design Week, with a few new surprises.

We continue our work in creating new models and additional versions of our product line. Many new innovations have been made via collaborations, some of which are presented in this document. All products are custom-made here in Portugal with European materials by our skilled craftspeople. If we don't have exactly what you want, do ask!!

We are taking this change in paradigm as an opportunity to work more out of the box and accompany you with your evolving needs. Stay in touch! I look forward to catching up personally or via video, phone or e-mail.

Stay safe and take care! Beijinhos de Portugal!
